Synopsis :

Review This major work . . . should become the bible of the industry, and its guidelines will serve the engineering body responsible for present and future standards of gearing. . . . Recognized nationally and internationally as one of the foremost contributors to the advancement of gear design, Mr. Dudley . . . received the E. P. Connell Award, which is the highest honor of the American Gear Manufacturers Association.—William W. Ingraham, Executive Director, American Gear Manufacturers Association ' . . . the only and the most comprehensive and updated reference source book available in the meantime for gear practitioners. . . . of practical interest for both for gear practitioners as well as for gear theoreticians. . . . recommended for university students, both graduate and postgraduate.'—Prof. Joseph A.
