## Synopsis :

Neofax 2011 is the foremost drug and nutritional reference manual to aid in the treatment of neonates. It is essential for all neonatal medical professionals in order to correctly prescribe, calculate dosing, formulate, and administer critical drugs and parenteral nutrition for infants. Covering more than 180 substances, it helps reduce medication errors and decreases time spent ordering and compounding. Neofax 2011 is a standard reference in neonatal intensive care units around the world.
